Allowable Subject Matter

1. Claim 11 is allowed.

The following is a statement of reasons for the indication of allowable subject matter:

The primary reasons for the indication of the allowability of claim 11 are the inclusion therein, in combination as currently claimed, of the limitation of a left flank strut extending substantially from the center of the left wing strip; a right flank strut extending from the right wing strip and positioned substantially perpendicular relative to the right wing strip; and a back strut extending between the left and right flank struts, one of the flank struts being offset to form a space for accommodating the conductor rail.

The previously listed limitation is neither disclosed nor taught by the prior art of record, alone or in combination.
